

IMTEX Connect 2021

Moving with the market's changing dynamics and responding to the need to connect + collaborate in today's manufacturing industry, IMTMA organized the first-ever “**IMTEX Connect**” under the aegis of the IMTEX show from 21-27 January 2021.

IMTEX Connect was a first of its kind of event organised on the digital platform

ensuring you connect + collaborate with your target audience, sustain critical business engagement and open up new opportunities in a virtual environment with the ease of participation across geographies.

The show drew an excellent response from exhibition industry stakeholders from across the world, featuring 94 exhibitors and 7365 visitors from 45 countries. The feedback from exhibitors has been impressive and many were satisfied with the business and networking that they were able to do on the digital platform.
